*(in wine there is truth)*

The Don Giovanni Tri-Dition Trifecta - Zion, Spain and Italy

Description: After literally many thousands of glasses of intense field research, we have finally found the best dry red blends in the Finger Lakes at Silver Springs Micro-Winery which is rooted firmly in the 700-year Zuccarino family winemaking tradition. This basket features three versions of Don Giovanni branded offerings of the Tri-Dition series:

1. **Zion (2019 - 2020):** Family blend with a 55% Malbec base. Dancing white cherry over a field of blueberry, lavender, rose, raspberries, clove, vanilla and a divine finish. (0.3% residual sugar)

2. **Spain (2019 - 2020):** Family blend with a 52% Syrah base and 6 months in used cognac barrels. Red tar with twisted cognac, cinnamon, white pepper, cranberry, raspberry jam, strawberry, clove, allspice, bucking brambleberry, cherry spice, snappy plum finish. (0.3% residual sugar)

3. **Italy (2016 - 2017):** Family blend with a 52% Merlot base and 6 months in used cognac barrels. Blueberry brandy, jammy dark chocolate, black raspberry, fig, raisin, almond, truffle, black cherry, solid smooth tannin. (0.3% residual sugar)

As Vintner John Zuccarino's god-daughter Kimmie told me during my first visit, these wines are complex and subtle and so it is imperative to aerate them. Accordingly, we have included one of the easiest to use, effective and portable in-bottle aerators on the market today from Soire'e.

You would not want to let a drop of this precious fluid turn once the bottle is open so to ensure tomorrow's glass is as good as today's, we have included the Sunwuun vacuum wine bottle stopper.

To truly appreciate a fine wine requires the appropriate vessel. This pair of JBHO 100% hand blown lead-free premium crystal Italian style stemware are an absolutely luxurious and luminous way to imbibe this or any other superior product of viniculture.
